

International Conferences on Military Science and Technology (ICMST)

The International Conferences on Military Science & Technology (ICMST) covers upcoming international conferences, seminars, workshops, events, and exhibitions on the topics like Aeronautics, Armaments, Combat Vehicles, Computer Science, Electronics, Life Sciences, Management, Materials Science, Military Science, Missiles, Naval Science and other topics related to DRDO. The ICMST also provides information on S&T Awards & Fellowship programmes.

The information provided in ICMST has been collected and compiled from open sources subscribed by DESIDOC and from the Internet. Limited events have been covered in the document to remain relevant to our objective. We hope this document will be useful to DRDO scientific community.

Published: Monthly

Time period covered in the present issue: Conferences held during June-July 2018

Disclaimer: The information compiled in this booklet have been collected from various internet sources. The publisher disclaim any liability in connection with the use of information in this booklet

Compiled by: DESIDOC

Note: All the conference websites are linked to the respective websites and bookmarks have also been provided for all the conferences on the index page (Online format)

- 3rd International Conference on Green Composite Materials (ICGCM 2018) 27

9. Mechanical Engineering

- 4th International Conference on Production Automation and Mechanical Engineering 29
- 6th International Conference on Mechanical, Automotive and Materials Engineering (CMAME 2018) 30

10. Military Sciences

- International Drone Conference 31
- 15th International Conference on Security and Cryptography (SECRYPT 2018) 31

11. Psychology

- Singapore Conference on Applied Psychology (SCAP 2018) 33
- European Conference on Psychology & the Behavioral Sciences (ECP2018) 33

12. Fellowships and Grants

- Indo-Australian Career Boosting Gold Fellowships 2017-18 34
- APF Trauma Psychology Grant 34

Aerospace Engineering

(1) Asia Conference on Mechanical Engineering and Aerospace Engineering (MEAE 2018)

Date: 23-25 June 2018

Place: Wuhan, China

Selective topics:

- Advanced theoretical models
- Advances in aerospace technology
- Aeroelasticity and loads
- Aerodynamic's fundamental concepts
- Aerospace robotics and mechatronics
- Flight software engineering and testing
- Aerostructures and composites
- Aeronautics and astronautics
- Aircraft systems
- Aircraft design concepts
- Applied aerodynamics and fluid mechanics
- Aviation human factors
- Computational fluid dynamics
- Emerging avionics technology
- Heat transfer mechanics
- Navigation systems
- Aircraft navigation
- Astronomical image processing
- Atmospheric measurement
- Attitude maneuver control
- Autonomous flight control
- Bistatic sar processing
- Control design
- Convex parameterization
- Detection in non-gaussian distribution environment
- Applied plasma and fusion
- Aerodynamics & aeroacoustics
- Computational fluid dynamics
- Computational mechanics
- Control systems theory and applications
- Dynamic systems and control engineering
- Dynamics of machining processes and chatter vibrations
- Experimental stress analysis
- Finite element analysis
- Fluid mechanics, combustion, and engineering physics
- Aircraft maintenance management
- Aircraft structural analysis and design
- Aircraft vibration and aeroelasticity

Important Dates:

Submission Deadline: January 25, 2018

Notification of Review Result: February 20, 2018

Camera-ready-Registration Deadline: March 5, 2018

(2) International Conference on Aeronautical, Aerospace and Mechanical Engineering (ICAAM 2018)

Date: 28-30 June 2018

Place: Sarawak, Malaysia

Selective topics:

- Aircraft structure and design
- Spacecraft structure and design
- Aerospace engineering
- Aerodynamics
- Aerospace systems and technology
- Aerodynamics and aeroelasticity
- Aerospace dynamics and controls
- Aerospace propulsion
- Aerospace structures
- Aerospace design, testing, and performance
- Airworthiness and certifications
- Experimental methods and measurements
- Flight systems

(3) 9th International Conference on Mechanical and Aerospace Engineering (ICMAE 2018)

Date: 10-13 July 2018

Place: Budapest, Hungary

Selective topics:

- Advanced theoretical models
- Advances in aerospace technology
- Aeroelasticity and loads
- Aerodynamic's fundamental concepts
- Aerospace robotics and mechatronics
- Flight software engineering and testing
- Aerostructures and composites
- Aeronautics and astronautics
- Aircraft systems
- Aircraft design concepts
- Applied aerodynamics and fluid mechanics
- Aviation human factors
- Computational fluid dynamics
- Emerging avionics technology
- Heat transfer mechanics
- Navigation systems
- Novel aero engines
- Rocket theory and design
- Spacecraft avionics systems,

AERONAUTICS

- subsystems and technologies
- Unmanned aircraft technologies
- High-speed aerodynamics
- Industrial aerodynamics
- Integrated systems design
- Managing creativity and innovation
- Project management
- Propulsion and turbomachinery
- Safety management

- Transport management
- Turbomachinery

Chemical Process Engineering

(1) 9th International Conference on Chemical Engineering and Applications (CCEA 2018)

Date: 11-13 June 2018

Place: Tokyo, Japan

Selective topics:

- Process design & optimization
- Process intensification
- Nanotechnology
- New materials & structured products
- Intelligent polymers
- Green organic synthesis routes
- Process integration
- Environmental engineering & management
- Scf as solvent substitutes
- Chemical engineering fundamentals
- Physical, theoretical and computational chemistry
- Chemical engineering educational challenges & development
- Chemical reaction engineering
- Chemical engineering equipment design and process design
- Thermodynamics
- Catalysis & reaction engineering
- Particulate systems
- Transport phenomena in porous/granular media
- Controlled release of the active ingredient
- Energy & nuclear sciences
- Energy and environment
- CFD & chemical engineering
- Nanomaterials
- Particle technology
- Mathematical modeling in chemical engineering
- Macromolecular science and engineering
- Process synthesis & design
- Process control & operations
- Process safety management
- Supply chain management & business decision support
- Advances in computational & numerical methods
- Safety & risk management systems

Petrochemistry

(2) World Congress on Petrochemistry and Chemical Engineering

Date: 28-30 June 2018

Place: Dubai, United Arab Emirates

Selective topics:

- Petrochemistry & natural resources
- Polymer science & chemical engineering
- Drilling and mining engineering
- Petroleum exploration and fossil fuels
- Energy conversion and storage
- Petrochemistry in industries
- Mineral chemistry
- Coal and natural gas
- Refining technology
- Upstream/downstream & mid-stream
- Integration
- Chemical applications in producing oil

- Fuel chemistry, technology & processing
- Sustainable energy
- Petroleum geology and engineering
- Oil, gas & water management
- Renewable energy & feedstock
- Filtration & separation
- Geology and geoscience
- Marine microbiology
- Production technology and separation
- Aromatics & fiber intermediates
- Olefins & derivatives

Communications

(1) 2nd International Conference on Communications and Future Internet (ICCFI 2108)

Date: 27-29 July 2018

Place: Beijing, China

Selective topics:

- 4G mobile technology, including open mobile initiatives
- Communication technology for e-learning, e-government, e-business
- Ambient and pervasive networking
- Communication data grids
- Communication modelling
- Communication security, trust, protocols and application
- Ad-hoc and sensor networks
- End-to-end quality of service
- Fixed-mobile convergence
- Future cloud for communication
- Future generation communication networks
- Future internet and networking architectures
- Future warehousing
- High-speed data applications on mobile networks
- 4G wireless networks and systems
- Adaptation techniques for next generation networks and services
- Augmented reality

- Communication interfaces
- Communication network security
- Communication software
- Crowd sourcing and human computation
- Energy conservation technologies
- Forthcoming optical communication systems
- Future games and games designing
- Future internet and networking architectures
- Future mobile communications
- Grid, crowd sourcing and cloud computing
- Home automation and monitoring applications

Algorithms

(2) 2nd International Conference on Algorithms, Computing and Systems (ICACS 2018)

Date: 27-29 July 2018

Place: Beijing, China

Selective topics:

- Advanced computing architectures and new programming
- Advanced numerical algorithms
- Applications of computation as a

- scientific paradigm
- Applications of computational science
- Complex systems: modeling and simulation
- Computational complexity, economics, geometry
- Computational humanities
- Computational mathematics
- Computational methods, algorithms and scientific application
- Computational sociology
- New algorithmic approaches to computational kernels and applications
- Parallel and distributed computing
- Probabilistic computation
- Problem solving environments
- Visualization and virtual reality as applied to computational science
- Web and grid based simulation and computing

Computer Networks

(3) 4th International Conference on Computer Science Networks and Information Technology

Date: 3-4 August 2018

Place: Montreal, Quebec, Canada

Selective topics:

- Algorithms and techniques
- Artificial intelligence
- Circuit implementation for fuzzy systems
- Circuit modelling and scientific computing
- Component based development
- Computational intelligence
- Computer and information technology
- Computer aided design
- Computer architectures and digital systems
- Computer networks and security
- Computer vision and pattern recognition
- Control engineering
- Control systems and robotics
- Data mining and data fusion
- Data mining and management
- Databases and data mining
- Decision support systems
- Distributed and parallel systems
- Distributed, mobile, and open architecture
- Dynamical systems
- Genetic algorithms
- Grid and cluster computing
- Network management and services
- Networking theory & technologies
- Networks-on-chip and systems-on-chip

COMPUTER SCIENCE

- Reliability engineering and fault tolerance
- Satellite & space communications
- Scientific visualization
- Seismic data processing
- Semantic web
- Service-oriented architecture
- Signal processing
- Signal processing systems

Software Engineering

(4) 3rd International Conference on Software Engineering (ICOSE 2018)

Date: 28-30 June 2018

Place: Bangkok, Thailand

Selective topics:

- Communication systems and networks

- Component-based software engineering
- Computer & software engineering
- Computer animation and design contents
- Internet and information systems development
- Middleware design techniques
- Mobile/wireless computing
- Modeling with uml
- Object-oriented technology
- Program comprehension and visualization
- Programming languages
- Reengineering, reverse engineering
- Reliability modeling and analysis
- Requirements engineering
- Reverse engineering and maintenance
- Safety and security critical software
- Software agent technology
- Software architecture and design
- Software components and reuse
- Software dependability, safety and reliability
- Software economics and metrics
- Software engineering for mobile, ubiquitous and pervasive systems
- Software policy and ethics
- Software process models

COMPUTER SCIENCE

- Software processes and workflows
- Software requirements engineering
- Software reuse and metrics
- Software testing and analysis
- Software tools and development environments
- Sw configuration management and deployment

ELECTRONICS

Electronics and Instrumentation

(1) 3rd International Conference on Measurement Instrumentation and Electronics (ICMIE 2018)

Date: 4-6 July 2018

Place: Lille, France

Selective topics:

- Microprocessor and embedded system
- Vlsi testing and fault diagnosis
- Mems instruments and test system
- Testability and built-in-test
- Electronic instrument & measurement system
- Optical instrument & measurement system
- Simulation and experimental technology
- Physical, chemical and biological field
- Material & electro-mechanical engineering
- Energy and power engineering
- Communication technology
- Aerospace & avionics & navigation
- Automobile engineering
- Measurement system and theory
- Measurement error theory
- Virtual measurement
- Machine learning and pattern recognition

- Massive data management and analysis
- Reconfigurable computing
- Sensors fusion
- Signal analysis and processing
- Image processing
- Sensors and transducers
- Non-electric measurement
- Sensor network
- Data acquisition system and technology
- Signal transmission and data bus

Circuits and Devices

(2) 2nd International Conference on Circuits, Devices and Systems (ICCDs 2018)

Date: 4-6 August 2018

Place: Nanjing, China

Selective topics:

- Circuits, devices and systems
- Smart grid and circuit
- Signal and multimedia processing applications
- Ocean engineering and marine technology
- Biomedical electronics and bioinformatics

ELECTRONICS

- Communication engineering
- Electronics and electrical engineering
- Computer science applications
- Information engineering
- Wireless/mobile communication and computing
- Software specification and software assurance
- Analysis of power quality and system stability
- Assembly and packaging
- Analog circuits and digital circuits
- Power electronics and energy systems
- Signal processing
- Techniques of laser and applications of electro-optics
- Simulation of propagation
- Battery management system
- Circuits and electronics
- Computer relaying integrated optics and electro-optics devices
- Microwave theory and techniques
- Microwave and millimeter
- Modulation, coding, and channel analysis
- Power electronics
- Remote control and techniques of gps
- Robotics and atomization engineering
- Signal integrity design for high-speed digital systems

- Solar power generation
- Wind power generation

Informatics

(3) 3rd International Conference on Electronics Engineering and Informatics (ICEEI 2018)

Date: 28-30 June 2018

Place: Bangkok, Thailand

Selective topics:

- Qos provisioning and architectures
- Telecommunication services and applications
- Wireless networking
- Optical communications
- Multimedia communications
- Network performance
- Innovative networking technologies
- Network security
- Network planning and design
- Software technology in communication engineering
- Channel coding
- Space-time signal processing mimo and ofdm systems
- Signal detection and estimation

ELECTRONICS

- Audio/speech signal processing
- Image/video processing and coding
- Medical imaging and image analyze
- Embedded systems
- Reconfigurable computing
- Electronic devices in communications
- Software engineering in electronics
- Applications of neural networks
- Industrial automation and control
- Artificial intelligence
- Bioinformatics
- Software engineering
- Photonic technologies
- Parallel and distributed computing
- Data mining
- Cryptography
- Algorithms and data structures
- Graphs and combinatorics
- E-commerce and e-learning
- Antennas - design, modeling and measurement
- Microwave circuits - systems and applications
- Computational electromagnetics
- Radio propagations
- Integrated optics

Electrical Electronics

(4) 4th International Conference on Electrical Electronics and Industrial Automation

Date: 3-4 August 2018

Place: Montreal, Quebec, Canada

Selective topics:

- Electrical engineering
- Electronics engineering
- Industrial automation
- Digital image processing
- Electrical machines
- Electrical materials electromagnetics
- High voltage techniques microwave
- Power electronics and applications antennas
- Mechatronics communication theory and systems
- Control theory and applications optoelectronics
- Robotics and automation systems biomedical electronics
- Intelligent systems sensors
- Electronics instrumentation
- Qos provisioning and architectures
- Embedded system
- Data mining
- Cryptography
- Telecommunication services and applications
- Wireless networking
- Optical communications

ELECTRONICS

- Software technology in communication engineering
- Digital signal processing (DSP)
- Advanced adaptive signal processing
- Spectrum estimation & modeling
- TF spectrum analysis & wavelet
- Higher order spectral analysis
- Multimedia & human-computer interaction
- Statistic learning & pattern recognition
- AI & neural networks
- Communication signal processing
- SP for internet and wireless communications
- Biometrics & authentication

LIBRARY SCIENCES

Reference Sources

(1) International Seminar on Rejuvenating Public Library Services through Digital Reference Sources (IS-RPLS-DRS)

Date: 22-23 February 2018

Place: Kolkata, India

Selective topics:

- Public library services in international scenario.
- Problems of public libraries in indian context.
- State-of-the-art of reference services in international and indian context.
- Digital reference sources- definition, characteristics and usage.
- Digital reference sources – collection development.
- Search & retrieval of information from various categories of digital reference
- Ready reference service through digital reference sources.
- Digital reference sources & health information.
- Digital reference sources & legal information literacy.
- Digital reference sources & government information.
- Digital information sources & business information.
- Digital reference sources & career counselling.

- Development of digital reference sources in vernacular languages.
- Digital reference sources in lis education

Library and Technology

(2) National Conference on Modern Librarianship Opportunities and Challenges

Date: June 8-9, 2018

Place: Navi Mumbai, India

Selective topics:

- Digital libraries
- Architecture and management of digital libraries
- Open access and creative commons (oaccs)
- Electronic publishing systems
- Institutional repositories - design and development

LIBRARY SCIENCES

- Library technologies and trends
- Open source software
- Web-based applications, standards and protocols
- Library a makerspace
- Cloud computing applications
- Internet of things (IOT)
- Copyright and ipr
- Copyright and licensing
- IPR and digital environment
- Open access and copyright laws
- Plagiarism: issues and concerns
- Ethics of access: copyright, licensing and privacy in digital environment
- Scientometrics, webometrics and altmetrics
- Scientometric, webometric and altmetric studies
- Evaluation techniques and tools of Institutions/ universities/ departments
- Evaluation of individual scientists-citation analysis & tools
- Reference management tools
- Library resource sharing and consortia
- Resource sharing in digital environment
- Consortia practices and models
- Networking and collaboration: local, national, international
- New approaches to ill and dds
- Web 3.0 And library 3.0
- Librarianship and social networking

LIFE SCIENCES

Biomedical Sciences

(1) 7th International Conference on Bioinformatics and Biomedical Science (ICBBS 2018)

Date: 23-25 June 2018

Place: Shenzhen, China

Selective topics:

- Bioinformatics and computational biology
- Protein structure, function and sequence analysis
- Protein interactions, docking and function
- Computational proteomics
- Algorithms, models, software, and tools in bioinformatics
- Any novel approaches to bioinformatics problems
- Biomedical imaging, image processing & visualization
- Bioelectrical and neural engineering
- Biomechanics and bio-transport
- Methods and biology effects of NMR/CT/ECG technology
- Biomedical devices, sensors, and artificial organs
- Biochemical, cellular, molecular and tissue engineering
- Biomedical robotics and mechanics
- Rehabilitation engineering and clinical engineering
- Health monitoring systems and

wearable system

- Bio-signal processing and analysis
- Biometric and bio-measurement
- Other topics related to biomedical Biophysics
- Biochemistry
- Biomathematics
- Bioengineering

Date: 25-27 June 2018

Place: Dubai, UAE

Selective topics:

- Food & nutrition biotechnology

LIFE SCIENCES

- Agricultural biotechnology
- Genetic engineering
- Cell and molecular engineering
- Biochemistry and biochemical engineering
- Bioinformatics and biosensor
- Biomaterials and biomechanics
- Bioenergy, biofuels, biorefinery and biogas technology
- Genetic engineering and rdna technology
- Bio-instrumentation techniques
- Bio-nanotechnology
- Rehabilitation engineering and clinical engineering

(3) 18th European Congress on Biotechnology

Date: 1-4 July 2018

Place: Geneva, Switzerland

Selective topics:

- ACIB Session - Industrial biotechnology from fundamentals to practice
- Antimicrobials
- Biocatalysis and enzyme engineering
- Bioeconomy and public perception
- Biofuels, biochemicals and bioenergy
- Bioprocessing and engineering
- Bioremediation and biodegradation
- Genomics of cereal crops
- Metabolic modelling and engineering
- Metagenomic applications
- Microbial cell factories
- Microbial response to stress
- Microbiome and diet/and agriculture
- Nanobiotechnology
- Nucleic acid technologies
- Pharmaceutical Biotechnology
- Plant biotechnology
- Polymer biotechnology
- Precision medicine
- Proteomics
- Recombinant protein production and purification

MANAGEMENT

Human Resource Management

(1) International Conference on Human Resources and Talent Management

Date: 9-11 July 2018

Place: Geneva, Switzerland

Selective topics:

- Collective bargaining & negotiations
- Compensation & competition
- Conflict resolution
- Corporate strategy
- Cross-functional teams
- Culture, diversity and equality
- Employee engagement
- Employee motivation
- Employee relations
- Employment law
- Entrepreneurship & management
- Groups, teams & teamwork
- Health, safety and well-being, hiring-best practices
- Leadership, learning
- Training and development
- Management and business skills
- Managing economic crisis
- Organizational change
- Performance management
- Recruitment, reward & motivation
- Succession planning

Organization and HR

(2) International conference on Organizational Behavior ,HR and Social Science Innovation Research

Date: 1-2 August 2018

Place: Singapore

Selective topics:

- Conflict management
- Corporate governance
- Corporate intellectual capital reporting
- Corporate venturing
- Cross cultural studies
- Human resource management
- the firm
- Operations management
- Organisational behavior

MANAGEMENT

- International business
- Sports management
- Strategic management
- Leadership
- Contemporary issues of CSR
- CSR and business ethics
- CSR and business sustainability
- CSR and consumers
- CSR and corporate performance
- CSR and corporate governance
- CSR and human rights

- CSR and political economy

Nanotechnology

(1) 2nd World Congress and Expo on Nanotechnology and Materials Science

Date: 25-27 June 2018

Place: Dubai, United Arab Emirates

Selective topics:

- Nanomaterials and nanostructures
- Materials science & engineering
- Nanotechnology and nano science
- Materials for green technology
- Nanodevices and nanosensors
- Carbon nanotubes and biomolecules
- Nanoelectronics
- Nanooptics and nanophotonics
- Nanomagnetism
- Nanomechanics
- Atomic structure & interatomic bonding
- Polymer technology
- Biomaterials
- Mining & metallurgy
- Nanomedicine
- Medical nanotechnology devices
- Cancer nanotechnology
- Nanotoxicity
- Bio-nanomaterials and tissues engineering

- Nanotechnology in healthcare
- Making of nano materials
- Nanotechnology in energy
- Materials and devices
- Robotics and mechatronics
- Emerging technologies in material science
- Nanotechnology in communications & information technology

Materials Technology

(2) Materials, Methods & Technologies 2018, 20th International Conference

Date: 26-30 June 2018

Place: Elenite, Bulgaria

Selective topics:

- Nanomaterials and nanocomposites
- Energy & nuclear sciences
- Macromolecular science and engineering
- Advanced materials processing
- Metallurgy and material science

MATERIALS SCIENCE

- Glass, ceramics and adhesives
- Rubber, plastics, textiles and leather
- Cellulose, paper and packaging
- Optical electronics and laser equipment
- Membranes and membrane science
- Ionic liquids/electrolyte solutions
- Medicine, pharmacy and biotechnologies
- The role of cooperation (associations, networks, clusters, etc.) in the development of innovation systems
- Organisational creativity & idea generation
- Technology transfer and intellectual property management
- Public sector innovation and policy
- Venture capital & financing innovation
- Innovation and technology transfer
- Natural and alternative energy sources
- Nanotechnology
- Nanobiotechnology
- Nano-bio-computing
- Nano-scale automation

Green Material Sciences

(3) 3rd International Conference on Green Composite Materials (ICGCM 2018)

Date: 28-30 June 2018

Place: Sarawak, Malaysia

Selective topics:

- Additive manufacturing
- Applications
- Bio-based composites
- Biomimetic composites
- Ceramic matrix composites
- Concrete and cementitious composites
- Damage and fracture
- Durability and ageing
- Experimental techniques
- Fibers and matrices
- FRP reinforced concrete
- Health monitoring
- Hybrid composites
- Infrastructure
- Interfaces and interphases

MATERIALS SCIENCE

- Interlaminar reinforcements
- Mechanical and physical properties
- Metal matrix composites
- Multifunctional composites
- Multiscale modelling
- Nanocomposites
- Nanotechnologies
- NDE technologies
- Polymer matrix composites
- Probabilistic approaches and design
- Processing and manufacturing technologies
- Recycling
- Repair technologies
- Sandwich technologies
- Standardisation
- Structural design

Design and Manufacturing

(1) 4th International Conference on Production Automation and Mechanical Engineering

Date: 3-4 August 2018

Place: Montreal, Quebec, Canada

Selective topics:

- Intelligent mechatronics, robotics, biomimetics, automation, and control systems
- Intelligent system
- Intelligent transportation systems
- Kinematics, mechanics and mechanism design
- Legged robots, wheeled mobile robots
- Machine design
- Machine elements
- Machine tool design, cnc, metrology
- Machining processes
- Man machine interfaces
- Manufacturing system architecture, design and performance
- Material science
- Materials and material processing
- Mechanical metallurgy
- Mechanics of deformable bodies
- Mechanisms, systems
- Manufacturing system architecture, design and performance
- Material science
- Mechanics of deformable bodies

- Mechanisms systems
- Mechatronic systems and applications
- Mechatronics design
- Mechatronics education
- Medical robots and systems
- Metal cutting
- Metal forming
- Methodologies for robotics and automation
- Micro mechatronics
- Micro/nano, distributed, cellular and multi robots
- Modeling and simulation of mechatronic systems
- Modeling, planning and control
- Motion control
- Network based control systems
- Operations research
- Personal and service robotics
- Petri nets
- Process control
- Production management
- Production technology

(2) 6th International Conference on Mechanical, Automotive and Materials Engineering (CMAME 2018)

Date: 4-6 August 2018

Place: Hong Kong, China

Selective topics:

- Mechanical, automotive and materials engineering
- Design and manufacturing
- Energy and thermofluids
- Energy conversion system
- Energy management
- Finite element analysis
- Fluid dynamics
- Fuels and combustion
- Green manufacturing
- Heat and mass transfer
- Solid and fracture mechanics
- Heat exchangers
- Heat transfer
- Industrial engineering
- Industrial tribology
- Instrumentation and control
- Internal combustion engines
- Machine design
- Machinery dynamics
- Manufacturing

- Materials science
- Mechanical engineering
- Micro-machining
- Micro- and nano manufacturing
- Micro and nanomaterials
- Modeling of processes
- Nano-technology
- Noise and vibration analysis
- Optimization of systems
- Rapid prototyping
- Refrigeration and air conditioning
- Renewable and non-renewable energies
- Renewable energy
- Reverse engineering

Surveying

(1) International Drone Conference

Date: 27th July 2018

Place: Colombo, Sri Lanka

Selective topics:

- Drones in precision agriculture
- Drones in construction
- Drones in mining and aggregates
- Drones in surveying & mapping
- Energy infrastructure, civil infrastructure & utility inspection
- Emergency response, search and rescue
- Utm command & control
- Drone journalism: ethics, regulations & guidelines
- Risk analysis
- Drone law, regulation & security

Important Dates:

Abstract submission deadline: May 29th 2018

Notification acceptance: 05 Days

Cryptography

(2) 15th International Conference on Security and Cryptography - (SECRYPT 2018)

Date: 26-28 July 2018

Place: Porto, Portugal

Selective topics:

- Access control
- Applied cryptography
- Biometrics security and privacy
- Critical infrastructure protection
- Data integrity
- Data protection
- Database security and privacy
- Digital forensics
- Digital rights management
- Ethical and legal implications of security and privacy
- Formal methods for security
- Human factors and human behavior recognition techniques
- Identification, authentication and non-repudiation
- Identity management
- Information hiding
- Information systems auditing
- Insider threats and countermeasures
- Intellectual property protection
- Intrusion detection & prevention
- Management of computing security
- Network security

- Organizational security policies
- Peer-to-peer security
- Personal data protection for information systems
- Security and privacy in complex systems
- Security and privacy in crowd-sourcing
- Security and privacy in it out-sourcing
- Security and privacy in location-based services
- Security and privacy in mobile systems
- Security and privacy in pervasive/ubiquitous computing
- Security and privacy in smart grids
- Security and privacy in social networks
- Security and privacy in the cloud
- Security and privacy in web services
- Security and privacy policies
- Security area control
- Security deployment
- Security engineering
- Security in distributed systems
- Security information systems architecture
- Security management
- Security metrics and measurement
- Security protocols
- Security requirements

Applied Psychology

(1) Singapore Conference on Applied Psychology (SCAP 2018)

Date: 21-22 June 2018

Place: Singapore

- Abnormal psychology
- Economic psychology
perception and attention
- Adolescents
- Health psychology
- Applied cognitive psychology
- Applied gerontology
- Applied social psychology
- Social psychology
- Memory and thought
- Metaphors in language and thought
- Military and forensic psychology
- Personality and individual differences
- Political psychology
- Positive psychology
- Professional practice
- Social psychology
- Memory and thought
- Metaphors in language and thought
- Military and forensic psychology
- Neural theory of language and thought

Behavioral Sciences

(2) European Conference on Psychology & the Behavioral Sciences (ECP2018)

Date: 3-4 July 2018

Place: Brighton, United Kingdom

Selective topics:

- General psychology
- Psychology and education
- Mental health
- Neuroscience
- Linguistics, language & psychology/behavioural science
- Industrial organisation and organisation theory
- Community development
- Qualitative/quantitative research in any other area of psychology

FELLOWSHIPS AND GRANTS

(1) Indo-Australian Career Boosting Gold Fellowships 2017-18

Department of Biotechnology

Australian Government

The Indo-Australian Career Boosting Gold Fellowships (IACBG-Fellowships) is an initiative of the Government of India through the Department of Biotechnology, Ministry of Science and Technology. Under this initiative, the Government of India will fund ten (10) researchers from India.

The fellowships support travel to undertake a collaborative research project at a leading science institute or university in the Australia for a period of 3-9 months, commencing in 2018. Ten (10) Fellowships will be awarded in total annually. Eligible applicants include persons employed in a:

- Indian Government agency, statutory body or government owned corporation;
- Indian based university, institute, or other national research organisation;
- Age limit 35 years

Monthly Associateship of Rs. 1,50,000/-

(2) APF Trauma Psychology Grant

Deadline: February 15, 2018

Sponsor: American Psychological Foundation

One grant of up to \$3,000 to support innovative work to alleviate trauma.

Evaluation Criteria:

- Proposals will be evaluated on:
- Originality, innovation and contribution to the field of trauma.
- Applicant's demonstrated competence and capability to execute the proposed work.

Applicants must:

- Be an early career psychologist
Be affiliated with nonprofit charitable, educational, and scientific institutions, or governmental organization

Feedback Form

The objective of publishing this booklet on International Conferences on Military Science and Technology is to make scientists aware of various International conferences being held world wide in the areas of their interest. This feedback form will help us to understand the interest of the scientists and improve the services further.

1. How do you rate the content of ICMST?

Excellent Good Can be improved

2. How do you rate the subjects covered? (Please suggest)

Excellent Good Can be improved

3. Which of the following need improvement in ICMST service?

Front design Layout Coverage Language

4. In which format/media you prefer to read the ICMST?

Print DRDO website Online PDF

5. What else would you like to be included in the booklet?
