**COMPLIANCE MATRIX FOR  
AIRBORNE STORE  
for <LRU/SYSTEM Name>  
for  
<Platform Name>**

**Issue/Rev No: 01/00  
Date of Release: 8 Feb 2025**

**Disclaimer:**

This document is a guidance document. Applicable section / table rows may be considered. Any additional details may be added. Any not applicable section/ table rows may be deleted. The template is very general and vary with process to process followed by Development Agency. The document may be fine-tuned with the TAA for finalization.

### Compliance Checklist for Airborne Stores

#### System Level

Sl.No.	Activity/ Document	Compliance	Remarks
1	Concept of Utilization		
2	FHA & SSA as per MIL-STD-882E and Common Cause Analysis as per ARP 4754A		
3	Functional/ System Requirement Document		
4	Inter-operability/ compatibility with co-located systems		
5	Test rigs and Simulators availability & certification		

Prepared By	Checked By	Approved By	Doc No. <Document number		
			Issue	Revision	Date
					Page No: 4 of 15

### Test Requirement Traceability Matrix

		Means of Compliance											Compliance status
	Requirement	Doc Ref (QTP/AC P/ Tech Spec/ MoM)	Review	Analysis	Simulation	Similarity	Product History	Inspection	Lab level Test	Rig / Aircraft level test	Flight test	Other	
Physical	Dimensions												
	Weight												
	Installation (Rack / Hard Mount)												
	Grounding/ shielding/ Bonding												
	Marking												
	Materials												
	Power Consumption												
	Connector pins												
	Insulation resistance												
	Leakage (Oil / Air / Nitrogen)												
Environment	<b>Vibration</b> i) Sinusoidal ii) Platform specific iii) Buffet

					Page No: 6 of 15

Sand and dust													
Solar radiation													
Fluid Contamination													
Fire Resistance													
Deep Sea Penetration													
Acoustic Vibration													
Pyroshock													
Transit drop													
Safety Drop													
Service Drop													
Bench handling													
Tropical Exposure													
Air Exposure													
Bump													
Gun fire vibration													
Hail impact													
Rain Drip / Blowing rain													
Fast Cook Off													
Slow Cook Off													
Bullet Impact													
Fragment Impact													
Sympathetic Detonation

**ACP Compliance:**

Certification Milestone (Rig Int, A/c Int, DFT, User trials, Production, Modification etc)	ACP section	Compliance status	Waivers, if any (ref)	Remarks

**Note 1:** The above tables are indicative. The rows and columns that are not applicable to the project may be removed and any other relevant rows/ columns may be added as applicable to the project. All the tests/analyses/ certifications completed till date shall be indicated in the tables. Tables are to be prepared LRU-wise (indigenous and bought-out). For bought out items, the compliance as mentioned in the OEM documents shall be populated in the tables.

**Note 2:** All applicable rows as per QTP, Tech Spec and ACP shall be retained in the table even if the test/ analysis is currently not to be carried out and will be done in future.
