

Manufacture of Flexible Linear Shaped Charge

DRDO has developed technology for flexible linear shaped charge (FLSC) of 5mm caliber for various uses. To achieve respective Qrs, high explosive compositions and their filling and rolling methodology in these systems have been designed and developed by DRDO. These system consists of FLSC and booster.

Exhaustive studies and experimentation were carried out to finalize the HE compositions and their filling and rolling methodologies in these systems to realize the performance requirements. The pressing technology has been developed for the boosters.

Present transfer of technology is for the FLSC, booster and allied components.

All the development activities such as establishment of high explosive preparation technology, filling and rolling methodologies and the performance evaluation trials have been completed meeting the requirements.

1. Interested Companies/industries are requested to apply against this EoI to the following address:-

**To,
The Director,
High Energy Materials Research Laboratory (HEMRL)
Sutarwadi, Pune-411 021
Email- director.hemrl@gov.in**

2. A copy of interest may be sent to the following address without any attachment:-

**To,
The Director,
Directorate of Industry Interface & Technology Management (DIITM)
Room No. 447, DRDO Bhawan Rajaji Marg, New Delhi-110 011
Email-diitm.hqr@gov.in**

List of Support documents to be attached with EoI:-

- (a) Memorandum and Articles of Association (Should be incorporated as per Indian Companies Act, as amended time to time).
- (b) Certificates of registration as a manufacturing unit, if any.
- (c) Audited Balance Sheet for the preceding three years.
- (d) Income Tax returns for the preceding three year period.
- (e) Details of shareholding/ownership pattern especially foreign partners/shareholders, foreign employees, directors, etc. The company must adhere to the prevailing Govt of India policies and regulations on Foreign Direct Investment (FDI)/ DIPP norms as applicable.

- (f) Annual budget for R&D during last three years.
- (g) Numbers and details of IPR or patents, etc., held by the company.
- (h) Number of technically or professionally qualified personnel.
- (i) Record of past performance (e.g., Supply orders executed against of Ministry of Defence orders, Public Sectors and Paramilitary Forces, if any).
- (j) Availability of adequate infrastructure (List of machines and their production capacities) and technical expertise.
- (k) List of Testing and Support equipments.
- (l) ISO/ ISI certification or any other certification.
- (m) Relevant clearances form the authorities/ ministries (if any).
- (n) Capacity and capability to undertake developmental work and to accept attendant financial and commercial risks.
- (o) Capacity/capability to market the product through the marketing network, sales and service network, reliability to maintain confidentiality.
- (p) PESO and DPIIT license for explosive handling if ToT is for high energy Material, explosives, propellants, and component/ system dealing with it etc.
- (q) Under taking form company seeking ToT that none of its Directors, Independent Directors, non-executive Directors, Key management personnel are involved in any corrupt practices, unfair means and illegal activities.
- (r) Details of the industries license for Defence manufacturing be provided by the industry seeking ToTs.
