

Subject: India-Taiwan Programme of Cooperation in Science & Technology — Call for proposal 2024

Dear Sir/Madam,

This is an announcement to invite call for proposals for India-Taiwan joint Research Projects to be conferred in 2024.

An MoU has been signed between Indian National Academy of Engineering (INAE) and International Cooperation Division (ICD), DST on May 15, 2023 to implement India-Taiwan Programme of Cooperation in Science & Technology. The DST, Govt of India, and the National Science and Technology Council (NSTC) (formerly known as Ministry of Science & Technology (MOST)) of Taiwan are the nodal agencies to implement the program of cooperation between India and Taiwan.

DST has assigned INAE to administer and implement the subject program. INAE, on behalf of the DST proposes to extend financial support in the form of grants to the Indian project Investigators for India-Taiwan S&T Programme, depending on rules and regulations as laid out by DST. Proposals submitted should necessarily be developed jointly by the scientists/researchers/engineers from the institution on both sides, duly endorsed by the heads of the respective institutions. Proposals submitted unilaterally shall not be considered. The Joint project proposals may be submitted by the Indian partner to INAE and by the Taiwanese partners to NSTC. The Indian project partner may submit a soft copy of

the application as an email attachment in single pdf file through official email at **inaehq[at]inae[dot]in**

The Call has been launched both in India and Taiwan on June 1, 2023. The last date of receipt of proposal is July 31, 2023. The priority areas identified for submitting the subject proposals are as follows:

1. Artificial Intelligence. IoT (Internet of Things), Big Data, Cyber Security
2. Green Energy Technology/ Renewable Energy (solar energy and bioenergy)/ Clean Energy
3. Micro/Nano-electronics, Embedded Systems & Sensors
4. Biotechnology, Healthcare including Functional Genomics, Drug Development and Biomedical Devices, Agriculture and Food Sciences
5. Aerospace Technology

To know more about the guidelines, funding implications and procedure to apply for the subject call for proposal, Please Click the link as under
