## ***International Conferences on Military Science and Technology (ICMST)***

---

The International Conferences on Military Science & Technology (ICMST) covers upcoming international conferences, seminars, workshops, events, and exhibitions on the topics like Aeronautics, Armaments, Combat Vehicles, Computer Science, Electronics, Life Sciences, Management, Materials Science, Military Science, Missiles, Naval Science and other topics related to DRDO. The ICMST also provides information on S&T Awards & Fellowship programmes.

The information provided in ICMST has been collected and compiled from open sources subscribed by DESIDOC and from the Internet. Limited events have been covered in the document to remain relevant to our objective. We hope this document will be useful to DRDO scientific community.

***Published:*** Monthly

***Time period covered in the present issue:*** Conferences held during September 2019-October 2019

***Disclaimer:*** The information compiled in this booklet have been collected from various internet sources. The publisher disclaim any liability in connection with the use of information in this booklet

***Compiled by:*** DESIDOC

***Note:*** All the conference websites are linked to the respective websites and bookmarks have also been provided for all the conferences on the index page (Online format)

## Manufacturing and Safety

### Global Conference on Mechanical, Automotive and Materials Engineering

*Date: 23-24 October 2019*

*Place: Tokyo, Japan*

#### Theme of the Conference:

Mechanical Conference represents the huge area where the focus lies on developing product-related technologies with rapid advancement in research in recent years. Automobile Engineering is a crucial part of the large automobile industry. A reliable, efficient and ecofriendly automotive system is what the world needs the most for a better mobility in the very future,

#### Selective topics:

- Fluid mechanics and machinery design
- Robotic automation and control-automation,
- Mechatronics and robotics
- Fluid dynamics
- Solid mechanics
- Structural dynamics

- Automobile manufacturing and material science
- Automobile pollution and control management
- Automotive engine and industry
- Vehicle design, manufacturing and safety
- 3D modelling and applications
- Noise, vibration, and harshness
- Nvh in automobiles
- Automotive ergonomics and safety
- Automotive electronics and cyber security
- Aerodynamics
- Hybrid and electric vehicles

#### Contact Information:

### Catalysis and Chemical Engineering

#### Euro Conference on Catalysis and Chemical Engineering Advancements

*Date: 9-11 September 2019*

*Place: Rome, Italy*

#### Theme of the Conference:

The Theme of the conference is “Novel technologies and advancements in Catalysis & Chemical Engineering”. This conference principally covers a range of topics that are pointing to Chemistry and its related areas of research. These new innovations and presentations will help to establish a basic knowledge to all the representatives.

#### *Selective topics:*

- Catalysis and applications
- Chemical synthesis
- Electrocatalysis
- Homogenous catalysis
- Catalysis in oil and gas
- Mechanisms and catalytic activation
- Fluid mechanics
- Chemical catalysis and kinetics

#### 5th Edition of Global Conference on Catalysis, Chemical Engineering and Technology

*Date: 16-18 September 2019*

*Place: London, United Kingdom*

*Organized by: Magnus Group*

#### *Selective topics:*

- Chemical synthesis and catalysts
- Synthesis
- Photoelectrochemistry
- Photocatalysis and photoreactors
- Spectroscopy in catalysis
- Enzyme and microbial technology
- Enantioselective catalysis and computational catalysis
- Environmental catalysis and green chemistry catalysis in nanotechnology
- Fluid mechanics
- Integrated catalysis catalysis for biorefineries homogeneous catalysis
- Molecular catalysis

- Advanced synthesis
- Catalytic systems
- New catalyst designin
- Gheterogeneous catalysis
- Industrial catalysis
- Organometallics and catalysis
- Chemical engineering
- Chemical kinetics and catalysisca-  
talysis for renewable sources

### **Important dates:**

- Abstract Submission Opens: Oc-  
tober 15, 2018
- Registration Opens: October 22,  
2018
- Early Bird Registration: December  
31, 2018

## **Chemical Processes**

**International Conference  
on Recent Innovations in  
Biotechnology, System  
Engineering, Applied Sciences,  
Space Environment**

*Date: 21-22 September 2019*

*Place: Tokyo, Japan*

*Organized by: Consortium Of  
Engineering and Technology  
(COET)*

*Selective topics:*

- Theory and processing of raw  
oxide material
- Polycrystalline
- Oxide, and non-oxide ceramics
- Polymer engineering
- Polymer materials and their ap-  
plications
- Crystal engineering
- Design and synthesis of mo-  
lecular solid-state structures
- Molecular engineering
- Process engineering
- Focuses on the design opera-  
tion, control, and optimization of  
chemical processes
- Corrosion engineering

### **Important Dates**

## Computer Software Engineering

### International Conference on Computer Software, Engineering, Information Technology, Aerospace and Nuclear Engineering

*Date: 3-4 September 2019*

*Place: Singapore*

#### Theme of the Conference:

The objective of RFAET Forum is to provide a platform for researchers, engineers, academicians as well as industrial professionals from all over the world to present their research results and development activities Applied Sciences and Engineering Technology

#### Selective topics:

- Cloud computing technology for community
- Technology for digital age technology for human use
- Technology for learning civil engineering,
- Computer engineering
- Current issues and challenges in engineering
- Structural engineering
- Systems and software engineering
- Technology for big data
- Web engineering

#### Important Dates:

Abstract Date: April 15, 2019

Early Bird Date: April 26, 2019

Full Paper Date: August 22, 2019

### International Conference on Theoretical and Practical Implications in Engineering, Information Technology, Architecture & Computing

*Date: 14-15 September 2019*

*Place: Manila, Philippines*

*Organized by: GI Engineering, Technology, Applied Sciences Forum*

#### Theme of the Conference:

Academy of Applied and Engineering Research (AAER) is a dedicated platform to promote and encourage the latest advancements in Science, Engineering Technology & Applied Sciences for the benefit of human development through highly significant research contributions

### *Selective topics:*

- Engineering and technology,
- Architecture artificial intelligence
- Bioinformatics
- Computer software and applications
- Computing data mining
- Design
- Internet and world wide web manufacturing
- CAD/CAE/CAM/CIMS
- Computer application technology
- Control Technology
- Data mining and knowledge discovery
- Graph and image processing
- Grid computing and cluster computing

### ***Important Dates***

Deadline for abstracts/proposals:  
3rd September 2019

## **Cyber Physical Systems**

### **3rd International Symposium on Computer Science and Intelligent Control (ISCSIC 2019)**

*Date: 25-27, September 2019*

*Place: Amsterdam, Netherlands*

*organized by : IASED*

- Cyber-physical systems (CPS)
- Modeling and control of cps, such as networked control, distributed optimization, and distributed learning, modeling of tightly integrated physical processes, computation platforms and networks, autonomy in CPS
- Networking infrastructure and management for cps, such as quality of services, heterogeneous networks, wireless sensor networks, scalability of complex networks
- Software tools and middleware for CPS research
- Human computer/machine interaction
- Non-functional issues for CPS, such as security, privacy, and dependability
- Development and implementation of various CPS
- lot communication and coordination middleware and platforms
- Intelligent sensing of environ-

ment, physiological sensing, human motion tracking

- Non-functional issues for CPS, such as security, privacy, and dependability

### **Important dates:**

Abstract Proposals

are due by: Feb 25, 2019

Full Paper must be received

by: Feb 28, 2019

Final Notification: Within 2 weeks

Final Registration for all presenters is: Mar 31, 2019

## **Computer Vision System**

### **12th International Conference on Computer Vision Systems (ICVS 2019)**

*Date: 23-25 September 2019*

*Place: Thessaloniki, Greece*

- Vision systems applications: systems deployed in real/realistic scenarios
- Vision for the real world: robustness, learning, adaptability, self-assessment, failure recovery

- Real-time vision systems
- Robot vision
- Hardware-implemented vision systems
- Human-computer interaction: monitoring, supervised learning, scene interpretation
- Human-robot collaboration: gesture recognition, scene understanding
- Performance evaluation: benchmarks, methods and metrics
- Cognitive vision systems
- Vision for autonomous vehicles
- Vision for virtual and augmented reality (vr and ar) applications

### **Important Dates:**

15 May 2019 : Paper Submission Deadline

25 June 2019 : Notification of Acceptance

15 July 2019 : Camera - Ready Papers

### Signal Processing

#### 2nd IEEE International Conference on Information Communication and Signal Processing (ICSP 2019)

*Date: 28-30 September 2019*

*Place: Weihai, Shandong Province, China*

*Organized by: ICSP*

#### Theme of the Conference:

The applications of signal processing are vast and interdisciplinary-ranging from engineering to economics and astronomy to biology. The research in areas such as signal coding and de-noising have paved the path for these advancements. Recent decade has witnessed major revolution in communication and processing of digital media. The communication technology helps in the advancement of modern systems to meet our need of efficient exchange of ideas. The current research includes the areas of cognitive radio and IOT.

#### Selective topics:

- Channel measurements and modelling
- Coding and modulation techniques
- Mimo - theory and trials spread spectrum and cdma systems

- OFDM technology
- Space-time coding
- Diversity techniques
- Ultra wide-band communications

#### Important dates:

May 15 : Full Paper or Abstract Submission Deadline:

Notification Date: 5 June

Registration Deadline: 20 June

### Power Electronics

#### International Conference on Power Electronics and Control Engineering (ICPECE 2019)

*Date: 7-9 September 2019*

*Place: Bali, Indonesia*

*Organized by: ICPECE*

#### Theme of the Conference:

This will be a linternational forum for the presentation of technological advances and research results in the fields of Power Electronics and Control Engineering.

### *Selective topics:*

- Power converter control and drive circuits
- New power semiconductor devices and their practical application
- Power electronics for industrial applications
- Safety and emc compliance of power electronics equipment
- Manufacturing, quality and reliability of power electronics equipment
- Emc and power quality
- Thermal management and reliability
- Passive components and sensors
- Converter packaging
- Passive devices and components
- Active devices and components
- System integration

### ***Important Dates***

15th April, 2019: Paper Submission

25th April, 2019: Notification Date

15th May, 2019: Registration

## **Micro and Nano Engineering**

### **MNE 2019**

*Date: 23-26 September 2019*

*Place: Rhodes, Greece*

*Organized by: Global Events*

### **Theme of the Conference:**

Micro and Nano Engineering (MNE) is the core international conference focusing on: A) micro/nanofabrication and manufacturing techniques, and B) application of the fabricated micro/nanostructures, devices and microsystems into electronics, photonics, energy, environment, chemistry and life sciences.

### *Selective topics:*

- Advanced patterning (lithography & etching)
- Nanofabrication/manufacturing for functional structures/surfaces
- Micro-nano devices and systems (mems/nems) for physical applications, electronics, photonics and energy
- Micro & nano devices and systems for life sciences, chemistry, and agrofood sectors

### ***Important dates:***

Abstract Deadline: April 24th, 2019

Acceptance Notification: June 9th, 2019

Early bird registration: Up to July 26th, 2019

### **Contact Information:**

## **Remote Sensing**

### **SPIE Remote Sensing**

*Date: 9-12 September 2019*

*Place: Strasbourg, France*

*Organized by: SPIE – The  
international society for optics and  
photonics*

### **Theme of the Conference:**

The event that offers engineers, scientists, programme managers and policy makers access to the latest developments in earth observation, next generation satellites, atmospheric propagation, and imaging analytics.

### *Selective topics:*

- Remote sensing for agriculture, ecosystems, and hydrology
- Remote sensing of the ocean, sea ice, coastal waters, and large water regions

- Sensors, systems, and next-generation satellites
- Remote sensing of clouds and the atmosphere
- Environmental effects on light propagation and adaptive systems
- Active and passive microwave remote sensing for environmental monitoring
- Image and signal processing for remote sensing

### **Important dates:**

Abstracts Due: 13 March 2019

Author Notification: 24 May 2019

Manuscripts Due: 14 August 2019

## Synthetic Biology

### Synthetic Biology Summit

*Date: 11-12 September 2019*

*Place: London, United Kingdom*

#### **Theme of the Conference:**

Synthetic biology is an interdisciplinary branch of both biology and engineering. It combines disciplines from within these domains, such as biotechnology, genetic engineering, molecular biology, molecular engineering, systems biology, membrane science, biophysics, electrical engineering, computer engineering, control engineering and evolutionary biology. Synthetic biology applies these disciplines to build artificial biological systems for research, engineering and medical applications

#### *Selective topics:*

- Synthetic biology
- Systems biology
- Computational systems biology technology
- Cell science and biophysics
- Biotechnology
- Bioprocessing technology
- Evolutionary biology
- Metabolic engineering

## Bioengineering

### International Conference on Biotechnology and Bioengineering (9th ICBB2019)

*Date: 25-28 September 2019*

*Place: Poznan, Poland*

**Organized by:** *Asia-Pacific Association of Science, Engineering and Technology (APASET), Institute of Bioorganic Chemistry - Polish Academy of Sciences*

#### **Theme of the Conference:**

It has been designed to provide an innovative and comprehensive overview of biotechnology and bioengineering, a focus will be given to major research advances including: 1. Microbiology, virology, cytology and immunology; 2. Biological macromolecules, proteins and nucleic acids; 3. Biomaterials, biopolymers and

bioenergy; 4. Agricultural & food science and industrial biotechnology; 5. Biomedicine, biopharmaceuticals, pharmacology and toxicology; 6. Applications in bioengineering, biomedical engineering & technology and other related fields.

### *Selective topics:*

- New approaches and concepts in biotechnology
- Cell & immunology
- Genomics and molecular biology
- Enzyme and protein engineering
- Biomedicine, pharmaceutical biotechnology & toxicology
- Bioinformatics and systems biology

### ***Important dates:***

Abstract Submission deadline: July 31, 2019

Registration Deadline: Aug. 31, 2019

Acceptance Notification: 5-15 working days

### ***Contact Information:***

## Oncology

### **Euro Global Summit on Cancer Therapy & Oncology**

*Date: 23-24 September 2019*

*Place: Barcelona, Spain*

### **Theme of the Conference:**

The conference will be organized around the theme: "Expanding the research to enlighten the lives of cancer patients". The vital role of the oncologist is to diagnose the people who are suffering from cancer and explain the adverse effects during the treatment. There are different types of Oncologists in treating cancer. Oncology 2019 welcomes Oncologists, Chemotherapists, immunologists, pathologists, hematologists, neurologists, research scholars, industrial professionals and student delegates from biomedical and healthcare sectors to be a part of it.

### *Selective topics:*

- Introduction to cancer
- Principles of oncology
- Solid tumor oncology
- Gynecologic oncology
- Psycho-oncology
- Biomarkers of oncology
- Pediatric haematology
- Applications of oncology
- Cancer genomics and proteomics
- Cancer science & cancer therapies

## **Cell Biology**

### **Cell Symposia: Neuro-Immune Axis: Reciprocal Regulation in Development, Health, and Disease**

*Date: 22-24 September 2019*

*Place: Long Beach, CA, United States of America*

#### **Theme of the Conference:**

The goal of this symposium is to explore the interface between the nervous and immune systems during development, homeostasis, and disease. It will cover emerging areas such as the neuronal regulation of peripheral immune function and the influence of the microbiota on the brain. We will bring together researchers from across the fields of neuroscience and immunology to facilitate discussion of exciting new concepts and developments in both fields.

#### *Selective topics:*

- Development, homeostasis, and plasticity

- Crosstalk in the periphery
- Neurodegenerative disorders
- Neuroinflammation: infections and autoimmunity
- Cellular players: mixing the single cell maps

#### **Important dates:**

Deadline for abstracts/proposals:  
7th June 2019

Early registration deadline July 19, 2019

## **Food Science**

### **International Conference on Food Technology and Nutritional Science**

*Date: 23-24 September 2019*

*Place: Barcelona, Spain*

#### **Theme of the Conference:**

Food Technology is the Combination of food science techniques, such as selection, preservation, processing, packaging, distribution, and use of safe,

nutritious, and wholesome food. Food Tech-2019 will be a valuable and important platform for inspiring international and interdisciplinary exchange at the forefront of food research.

**Selective topics:**

- Advances in food technology and nutritional science
- Food nanotechnology
- Food microbiology
- Food and bioprocess engineering
- Food additives and ingredients in food manufacturing
- Food chemistry and biochemistry

**Important dates:**

Abstract Submission Deadline:

January 30,2019

Early Bird Registration: January 30,2019

**Euro Global Conference on Food Science & Nutrition**

Date: 17-18 September 2019

*Place: Paris, France*

**Theme of the Conference:**

Food Science 2019 is meant to offer a special platform for clinical nutritionists, registered dieticians, and different health-care professionals, researchers and students operating inside the area to deliberately exchange reviews and their understandings in the front of huge transnational listeners.

**Selective topics:**

- Food chemistry
- Nutrition and diet management
- Food processing & technology
- Nutritional epidemiology
- Nutritional malnutrition
- Pediatric & maternal nutrition
- Public health nutrition
- Human nutrition & dietetics
- Clinical nutrition
- Food microbiology

### Leadership and Management

#### **3rd International Conference on Challenges in Social Science Research (CSSR-2019)**

*Date: 27-28 September 2019*

*Place: Bangkok, Thailand*

*Organized by: GI Social Science Forum*

#### **Theme of the Conference:**

GI Social Sciences Forum major scope is to inspire and nurture research quality and innovation through a multidisciplinary academic research approach. The primary precedence is to assist in building the overall research capacity of scholars. to encourage and equip young researchers with advanced statistical and methodological approaches that are essential to producing high quality research.

*Selective topics:*

- Management in multicultural society
- International market entry
- Cross cultural management,
- Business models
- Organizational studies organization behavior
- Organization theory & design
- Organization development
- Organization culture and values

#### **Fall Global Leadership and Management Conference**

*Date: 12-13 September 2019*

*Place: Los Angeles, California, United States of America*

*Organized by: University of Riverside*

#### **Theme of the Conference:**

The Global Conference on Leadership and Management is an international refereed conference dedicated to the advancement of the theory and practices in leadership and management. The aim of Global Conference on Leadership and Management is to provide an opportunity for leaders and managers from various fields to bridge the knowledge gap, promote research esteem and the evolution of administrators.

*Selective topics:*

- Global information systems
- Competitiveness on managerial global terrain

- Relationship marketing management
- Managers line of production and operations management
- Service management
- Various research methods

### **Important dates:**

Deadline for submission of final paper: September 6, 2019

## **Knowledge Management**

### **20th European Conference on Knowledge Management (ECKM 2019)**

*Date: 5-6 September 2019*

*Place: Lisbon, Portugal*

*Organized by: Academic Conferences and Publishing International (ACPI)*

- The fundamentals of knowledge management
- Knowledge management in the organisation
- Knowledge innovation
- Intellectual capital
- Knowledge management systems
- Knowledge management in practice
- Knowledge sharing
- The knowledge economy
- Knowledge dynamics

### **Important dates:**

Abstract submission deadline: 14 February 2019

Notification of abstract acceptance 25 February 2019

Full paper due for review: 04 April 2019

Notification of paper acceptance: 13 June 2019

Earlybird registration closes: 27 June 2019

### Functional Materials

#### 4th International Conference on Functional Materials and Steel (ICFMS 2019)

*Date: 6-8 September 2019*

*Place: Tokyo, Japan*

*Organized by: ICFMS*

#### **Theme of the Conference:**

The conference aims to bring together leading academic scientists, researchers and research scholars to exchange and share their experiences and research results on all aspects of Functional Materials and Steel.

#### *Selective topics:*

- High strength alloys
- Materials processing and handling
- Composites
- Micro/nano materials
- Ceramic
- Optical, electronic, magnetic materials
- Carbon based materials
- Metallurgical science
- Metallurgical fundamentals and techniques
- New functional materials
- Building materials
- New energy materials
- Environmental friendly materials

- Earthquake materials and design
- Biomaterials
- Smart and intelligent materials

#### *Important dates:*

April 15: Paper Submission

Deadline

May 10: Acceptance Notification

May 25: Early Bird Registration Ends

May 25: Registration Deadline

#### 2nd International Conference on Functional Materials (ICFM 2019)

*Date: 9-11 September 2019*

*Place: Tohoku, Japan*

*Organized by: Tohoku University*

#### **Theme of the Conference:**

The conference aims to provide a forum for many of the leading researchers, scientists and engineers from across the field of Functional Materials.

#### *Selective topics:*

- Non Ferrous Metal Material

- High Strength Alloys
- Iron and Steel
- Materials Processing and Handling
- Composites
- Micro/Nano Materials
- Ceramic
- Optical, Electronic, Magnetic Materials
- Carbon Based Materials Metallurgical Science
- Metallurgical Fundamentals and Techniques
- New Functional Materials

### **Important dates:**

Submission Deadline: April 05th, 2019

Notification Deadline: April 25th, 2019

Registration Deadline: May 15th, 2019

## **Materials Engineering**

### **8th International Conference on Engineering and Innovative**

### **Materials (ICEIM 2019)**

*Date: 6-8 September 2019*

*Place: Tokyo, Japan*

*Organized by: Tokyo Denki University*

### **Theme of the Conference:**

This Conference focuses around the theme: Materials Science and Engineering, Materials Properties, Measuring Methods and Applications, Methodology of Research and Analysis and Modeling, Materials Manufacturing and Processing and 3D printing material, nanomaterial, etc.

### **Important dates:**

Submission Deadline for Full Paper or Abstract: April 15, 2019

Notification of Acceptance: May 10, 2019

Registration Ends: May 25, 2019

### **Contact Information:**

Tel: +86-18381008370

(Accessed on: 12 December 2019)

### **International Conference on Materials Science and Engineering**

*Date: 16-18 September 2019*

*Place: Melbourne, Australia*

*Selective topics:*

- Materials science in china
- Computational modelling & simulation
- Materials for personal/home care & cosmetics
- Additive manufacturing
- Engineering applications of materials
- Materials for oil & gas
- Water technologies
- Surface repellency, wetting & adhesion
- Nanobiotechnology
- Cancer nanotechnology
- Cns composites
- Polymer composites
- Fibre composites
- Biopolymers and bioplastics
- Rheology and rheometry
- Polymer blends and alloys
- Extrusion and extrusion processes
- Composite materials in day-to-day life
- Biocomposite materials

- Superalloys
- Metal matrix composite
- Casting and solidification
- Powder metallurgy
- Surface treatment

### ***Important dates:***

Abstract Submission Open: Nov 1, 2018

Registration Open: Nov 16, 2018

Early Bird Registration Ends: Feb 28, 2019

Advanced Registration Ends: June 15, 2019

### Mechanical Design Engineering

#### International Conference on Design, Mechanical and Electrical Engineering (DMEE 2019)

*Date: 7-9 September 2019*

*Place: Bali, Indonesia*

#### Theme of the Conference:

The main theme of the conference is to gather the world class experts both from academic and industry in a common platform to discuss the issues and accomplishments in the fields of Design, Mechanical and Electrical Engineering

#### *Selective topics:*

- Actuator systems
- Coatings and surface modification
- Contact mechanics
- Cutting/ forming/ grinding/ polishing
- Design for manufacturability (dfm)
- Friction and wear mechanism
- Hydro-dynamic/ static lubrication/ lubricants/lubrication failure
- Injection molding/ mold and die integrated product and process design (ippd)
- Machine design/ machine elements

#### **Important dates:**

5th April, 2019: Paper Submission

Deadline

25th April, 2019: Final Acceptance of Papers

15th May, 2019: Publish-ready Papers

#### 4th International Conference on Design, Mechanical and Material Engineering (D2ME 2019)

*Date: 26-28 September 2019*

*Place: Busan, Korea (south)*

*Organized by: Hong Kong Society of Mechanical Engineers(HKSME)*

#### **Theme of the Conference:**

The conference is an international forum for the presentation of technological advances and research results in the fields of Design, Mechanical and Material Engineering.

#### *Selective topics:*

- Dynamical systems
- Dynamics and vibration
- Energy engineering and management

- Engineering systems design and analysis
- Fatigue and fracture
- Fluid dynamics
- Fluid mechanics and machinery
- Fluids engineering
- Fracture
- Fuels and combustion
- Heat and mass transfer
- Heat transfer
- Instrumentation and control
- Internal combustion engines
- Machinery and machine design
- Manufacturing and production processes
- Mechanical design
- Acoustics and Noise Control
- Advanced and digital manufacturing
- Noise and vibration
- Nonlinear dynamics
- Plasticity mechanics
- Precision mechanics, mechatronics
- Production technology

***Important dates:***

- Abstract Submission Deadline: August 5, 2018
- Full Paper Submission Deadline: August 10, 2018
- Notification of Acceptance/ Rejection: August 20, 2018

## Mental Health

### Mental Health and Wellness

*Date: 16-17 September 2019*

*Place: London, United Kingdom,  
United Kingdom*

#### **Theme of the Conference:**

The Conference is being held in order to improve the quality of life of the mentally ill persons and to deliver wellness and wellbeing. Scientists, academicians, mental health practitioners, clinicians, experts and therapists started focusing on all the prospects.

#### *Selective topics:*

- Mental health and wellbeing
- Wellness and quality of life
- Positive psychology and happiness
- Positive education and interventions
- Psychiatry and psychiatric disorders
- Mental illness and psychological resilience
- Mental health stigma and discrimination
- Psychiatric and mental health

#### **Important dates:**

Deadline for abstracts/proposals:  
31st August 2019

### Psychiatric and Mental Health Nursing

*Date: 18-19 September 2019*

*Place: Vancouver, BC, Canada*

*Organized by: LexisConferences*

#### **Theme of the Conference:**

This Conference will prove to be a noteworthy event, with this we cherish mental health nursing by embracing the theme, "Fronting nursing care to achieve mental wellness", and would step forward to provide an opportunity to step in and join our family, as we bring and encourage to join professionals from the following areas of Mental Health, Psychology, Nursing, Physiology, Neurology, Healthcare, Education, Business.

#### *Selective topics:*

- Health and psychological resilience
- Women's mental health and fitness
- Psychiatry and psychology
- Cognitive therapy and cognitive care
- Stress, anxiety, depression,

stigma and trauma

- Physiotherapy and exercise science
- Meditation, yoga and mindfulness
- Wellness and well-being holistic, alternative,
- Community and traditional medicines
- Creative therapies and counselling
- Autism and bipolar disorders
- Obsessive-compulsive disorder and schizophrenia

## **Depression and Stress**

### **Stress, Depression, Anxiety and Resilience Summit**

Date: 18-19 September 2019

Place: Vancouver, British Columbia, Canada

Organized by: Lexis Conferences

### **Theme of the Conference:**

This conference will target the connectedness and effectiveness of Psychological and Physical State of Mind, Body, Mental Health, Workplace Stress awareness and education for Infants, Adolescents, Children and Older people. Stress and Pain management interventions will ensure safety, Wellbeing and performance of workforce and Healthcare.

### **Selective topics:**

- Stress and pain management
- Stress depression and dysthymia
- Anxiety and phobias
- Psychology and psychological resilience
- Psychiatry and psychiatric disorders
- Mental health and wellbeing

### **Important dates:**

Deadline for abstracts/proposals:  
19th July 2019

## Feedback Form

The objective of publishing this booklet on International Conferences on Military Science and Technology is to make scientists aware of various International conferences being held world wide in the areas of their interest. This feedback form will help us to understand the interest of the scientists and improve the services further.

1. How do you rate the content of ICMST?

Excellent     Good     Can be improved

2. How do you rate the subjects covered? (Please suggest)

Excellent     Good     Can be improved

3. Which of the following need improvement in ICMST service?

Front design     Layout     Coverage     Language

4. In which format/media you prefer to read the ICMST?

Print     DRDO website     Online PDF

5. What else would you like to be included in the booklet?

- First issue published in 2016, *Defence Life Science Journal* is a peer-reviewed, quarterly research journal.
- Published in the months of Jan., April, July, and Oct. every year.
- Editorial Board is represented by eminent academicians, scientists from India and Abroad
- Publishes research articles in the disciplines of biotechnology, bio-medicine, bio-engineering, bio-electronics, non-invasive life imaging, pharmacology and toxicology, physiology, NBC warfare, food technology, and psychology.

## Previous Special Issues of DLSJ

- 2018 :** Extreme Environment: Occupational Challenges and Interventions, 3(3); Cold Arid Agro-Animal Technologies, 3(2)
- 2017 :** Bioengineering and Bio-medical Technologies, 2(4); Biological Radioprotection, 2(3); Food Sciences 2(2)

## Forthcoming Special Issues of DLSJ

- Bio-energy and Bio-fuel
- Personal Selection and Organisational Behaviour
- High Altitude and Occupational Health
